## REMEMBER

Choose water as a drink  
Sweetened drinks such as soft drinks, juice drinks, sports and energy drinks are not a necessary part of a healthy diet.

With the arrival of some winter greens, students in primary and secondary have begun their planting in our freshly manicured garden beds! Boys in stage 4 had a jolly old time with some activities and really got engaged with the sustainability project. It has been fantastic to see such great things beginning and how students are able to link this more hands on approach to their written work as well.

## Family food choices

Year 7 and 8 have been investigating healthy food choices in Technology. Many of us eat dinner while watching TV. Watching TV while eating dinner can be distracting and make us forget how much we are really eating, e.g. not stopping when we feel full. We want to challenge ourselves convince our families to eat dinner without the TV for just one dinner this week. Are you up for the challenge?

Students will also be interviewing family members to share a special recipe for our collaborative cookbook. We hope you enjoy this time to discuss food traditions in your household and family.
